Williams Grapefruit & Pomelo Gin

Country: England

Region: Herefordshire

Producer: Chase Distillers

Bottle size: 70cl - abv: 40%

The story of Williams Grapefruit and Pomelo Gin begins with vodka. It is a relatively unknown fact that gin is made from vodka, so, unlike other gins, Williams Gins are truly single-estate from field to bottle.

Unlike most other gins, where a neutral grain spirit is simply redistilled, organically grown cider apples from the family farm; fermenting them into cider, then distilling into Naked Chase Vodka as the base to William's Gins.

Made from botanicals including juniper, orange peel, liquorice, elderflower and bitter almonds.

This Grapefruit and Pomelo Gin is bursting with flavour. Made with Williams GB gin as the base spirit and infused with a delicate range of eight botanicals including; juniper, orange peel, liquorice, elderflower and bitter almond before distillation in a copper gin still with pink grapefruit and pomelo peels.

From the very first sniff, there is a burst of fragrant grapefruit tartness and classic, robust notes of juniper. This spectacular pairing ignites the senses with the sharp, sweet citrus notes on the nose giving way to grapefruit tartness on the palate. A final big kick of grapefruit peel leaves a deliciously moreish, crisp finish with a teasing tingle on the lips.
